

The new e100 Series Wallstations

Flexible positioning enables the caregiver to have a full range of motion while maintaining visual contact with their patient. Keeping frequent position changes in mind, the keyboard, monitor, and work surfaces can move together to give the clinician a consistent viewing angle throughout their day.

e128 Wallstation,
Push-Button Sit-to-Stand Ergonomics

23½" w x 42¾" h x 3½" d
(597mm x 1086mm x 89mm)

e130 Wallstation with optional eDesk & Extension Arm,
Manual Sit-to-Stand Ergonomics

23½" w x 42¾" h x 3½" d
(597mm x 1086mm x 89mm)

Large Benefits for Small Work Areas

A simple solution for smaller work areas, the e100 series is perfect for patient rooms, private practices and clinics looking for in-room documentation.

Perfect for doctors' offices, private practices, and patient rooms – anywhere space is limited the e100 series excels.

eDESK (Only available for the e130)

The optional eDesk (10" x 24" - 254 mm x 610 mm), gives you a generous work surface to prep meds, prepare documents or just set down your morning coffee. Additionally, the work surface slides six inches horizontally to give you access to the mouse when the keyboard isn't needed.
