Warranty

Standard Warranty: four years on structural; two years on electrical; six month limited warranty on SLA batter; three years limited warranty on EON Lithium Phosphate battery.

AVAILABLE NOW!

SMART TECHNOLOGY

An intelligent control panel is located at the caregiver's fingertips providing immediate access to the cart's battery alert, battery power button, battery LED fuel gauge, a work light and a laptop reboot button for select CPUs/Laptops (Please contact your local representative to find out what CPUs/laptops are compatible).

The Enovate Medication Carts offer an array of safety features, including anti-microbial medication drawers and supply bins that are protected by a keyless electronic PIN code and a programmable auto lock.

Software

Remote pin code management, power monitoring and battery management software included.

Security

All technology, supplies and medication are securely stored to help prevent theft and misuse through keyed and electronic locks.

Wireless

Wireless-friendly, laptop/CPU tray was designed to optimize wireless propagation.

SPECIFICATIONS

All contact surfaces are finished or made with anti-microbial materials and are designed to be smooth, comfortable and easy to clean —to help control infection and prevent dangerous bacteria from spreading.
