

e645 Wall Station

Wall mounted computer workstations give clinicians more locations for readily available data, empowering employees with decision making information at the point-of-care.

Dimensions:
27" w x 62" h x 7" d

MADE IN USA

Computer wall stations bring the clinician closer to their patients increasing data accuracy and efficiency while securing patient information.

Strategically placed to improve workflow, the e645 frees up valuable floor space in hallways and patient rooms.

e645

Additional Information

- o **Cable Management**
Monitor, keyboard, & mouse cables secured underneath arms
- o **Space Saving & Information Security**
Counter balanced doors for patient confidentiality and limited wall space
- o **Adjustable Viewing**
Display and keyboard rotate independently for shared viewing
- o **Infection Control**
Non-porous smooth and cleanable surfaces
- o **Task Lighting**
Offering multiple options for work area lighting
- o **Custom Plastics**
Designed to accommodate various storage systems and brackets designed/engineered for BMV.

e645 Medication Wall System

Security Options: Bio-metric reader, proximity badges, electronic locks with programmable keypad(s), RFID and magnet card readers.

Mounting Standard:	Vesa 75mm/100mm
Display Weight Capacity:	25 lbs
Display Pivot Range:	270°
Display Tilt Range:	45°
Display Height Adjustment:	9.5"
Display Extension:	4.5" - 24"
Display Arm Articulation:	360°
Keyboard Weight Capacity:	25 lbs
Keyboard Pivot Range:	180°
Keyboard Extension:	5" - 26"

Details

Green | Sustainability

All Wall Station models are manufactured by our Carbon Neutral Manufacturer. (www.carbonfund.org)

- o All MDF panels are manufactured with recovered and recycled wood fibers.
- o All excess/offal lamination is bailed then recycled through a local plastics recycling company for reuse.
- o Nearly all of the packaging material is recycled - from cardboard, to skids, to foam spacers, any thing that can be recycled or reused is given a second life and in some cases used repeatedly.
